PERSONAL ESSAY

Tips for Organizing and Planning

- List all the important features and characteristics of your topic.
- Include negative as well as positive characteristics. A little conflict can “spice up” an essay and make it more lively to read.
- Sort your ideas and impressions into categories such as “What I like about ...,” “What I don’t like about...,” and “What is special or unique about....”
- A Venn diagram can help you organize your impressions.
